PROFESSIONAL PROFILE

Backend Developer specialized in **Java 21 and Spring Boot**, with a strong focus on microservices and **hexagonal architecture**. I offer a unique hybrid technical-functional profile, combining a **Higher Degree in Web Development (DAW)** with a **Diploma in Business Administration** and over 10 years of international leadership experience in the hospitality sector (London & Málaga).

I provide deep domain expertise and a business-logic-oriented approach, with a specific interest in enterprise-level integration projects and Oracle/Java-based environments.

TECHNICAL SKILLS

- **Backend & Architecture:** Java 21, Spring Boot 3, Microservices, **Hexagonal Architecture (DDD)**, REST APIs, JWT Security, Layered Architecture (Domain, Application, Infrastructure).
- **Data & Oracle: Oracle Database, PL/SQL** (procedures, functions, triggers), JPA/Hibernate, Relational Modeling, Transact-SQL (SQL Server), and MySQL.
- **Integration & Cloud:** API consumption, Webhooks, **Docker**, Git/GitHub (Git-flow), AWS Fundamentals, Agile Methodologies (Scrum).
- **Security & AI: Google Cybersecurity Professional** (Networking, Linux, Risk Management), **n8n Automation**, AI Agent Integration, and Prompt Engineering.

LANGUAGES

- **English: Advanced (C1).** Certified by EOI Málaga. Full professional proficiency for international environments and technical documentation.
- **Spanish:** Native.

PROFESSIONAL EXPERIENCE

Developer Intern (Angular + Automation) | Aliqindoi Circular Solutions (Málaga TechPark) | Nov 2025 – Dec 2025

- Designed automation workflows using **n8n** and integrated REST APIs to optimize internal processes.
- Developed frontend components using **Angular** within an Agile/Scrum environment.

Operational Leadership – Chef de Partie | Gran Hotel Miramar · Amàre Hotels · London | 2014 – Jan 2024

- Led kitchen teams in high-pressure, international luxury hotel environments.
- Daily coordination with operational departments (Front Desk, Events, Procurement, Management).
- Managed cost control, production planning, and inventory management using **ERP systems**.
- *Provides real domain knowledge of internal hotel operations, facilitating functional understanding in hospitality technology projects.*

AI Data Trainer / QA | Outlier · TELUS International | Oct 2024 – Feb 2025

- Evaluated and performed quality control (QA) for LLM models in international tech environments (English-speaking).

KEY TECHNICAL PROJECTS

- **Java Microservices with Hexagonal Architecture:** Developed services using **Java 21 + Spring Boot**, applying strict layer separation and JPA persistence.
- **E-commerce & Intelligent Chatbot:** Integrated automated business logic using n8n, Angular, and Java.
- **Full Stack Management API:** Java/Spring Boot backend with PostgreSQL and Angular frontend.

EDUCATION & CERTIFICATIONS

- **Higher Degree (Vocational Training) in Web Application Development (DAW):** CESUR Málaga (Ongoing).
- **Professional Certificate in Programming (Java/SQL):** CPIFP Alan Turing.
- **Diploma in Business Administration:** University of Málaga (2013).
- **Advanced Degrees in Culinary Management:** IES Rosaleda / IES Jacaranda.

- **Certifications: AWS Cloud Practitioner**, **Querying with Transact-SQL** (Microsoft), **Google Cybersecurity** (Ongoing), **Spring Boot** (DevTalles - Ongoing).
